**Approval of November 11, 2025 Minutes** – Laura Fulton made the motion Approval of November 11, 2025, meeting minutes. Charles Bohmer seconded. Motion Approved.

**PRESIDENT COMMENTS** – Hurry up spring! I am ready for warmer weather. I think it is supposed to be 50 degrees on Tuesday and I certainly welcome that.

A major concern this month for our community has been the Hankes Road bridge that goes over Rt. 56. I have spoken to numerous people ( the Village of Sugar Grove, Sugar Grove Township and IDOT). What I am told by IDOT is that they are responsible for the bridge structure and the village is responsible for maintenance of the roadway that goes over the bridge. The village disputes that. Meanwhile we continue to have a bridge that deteriorates more each day. This is not a new problem. It has been going on for years. And it is not just Prestbury that uses this bridge. All of the surrounding subdivisions and golfers coming to the golf course and diners coming to the restaurant depend on this roadway. Hankes is a major roadway for those of us in this area. Mark has noted emails in his Streets report this month for individuals at IDOT and legislators. Please take a minute and email these people and stress to them the importance of this bridge for our community and that safety is now a major issue.

The change of trash haulers has caused some confusion but in general has been going well. If you wish to have a can other than the standard 65 gallon size make sure to notify us by either calling Nicki or filling out the form by the deadline.

As weather improves more people will be on the road. Please drive carefully and obey our speed limits. Children don't always look when crossing the road or riding their bicycles.

Respectfully Submitted by,  
Marlene Deck

Marlene Deck Added that today while coming to the meeting, a person was running in the street with no reflective gear.

Clubhouse:

The installation of a cupboard in the Clubhouse kitchen, to house supplies for weekly activities etc., is being investigated.

Office:

A minor refresh of the Office building is being looked into. Repainting of the walls, fixing nicked up walls and trim and repair/replacement of some first floor furniture is contemplated.

A renewal of the heating and cooling service contract with Buchner's Mechanical Services has been entered into for the Clubhouse and Office Building. We have received excellent service and there is no change in cost or in the terms of the contract.

**MAINTENANCE – LAKES, TREES, LAWNS, PEST CONTROL, BEAUTIFICATION-**

As the weather improves we will be busy cleaning up our common areas getting ready for spring. We are still waiting for another proposal for new landscaping outside of the clubhouse. More news should follow next month on this. We hope to start work on the erosion control around Blackberry Lake this year, Exact areas will be determined depending on the severity of the erosion. It will be a major project. Clearing was performed around areas of the shoreline of Beta Lake this winter to make it more accessible for fishing.

**STREETS, SEWER, SNOW REMOVAL, STREET LIGHTS, WASTE REMOVAL,**

Greetings fellow residents! I join the Board for the first time after living in Prestbury and raising our family here with my wife Stacey over the last 34 years. It's an amazing community, and I'm proud to serve you. I have the following responsibilities for the above basic services which we all rely upon.

Trash & Recycle:

- In late 2025, the Board elected to award this business to Lakeshore Recycling Services (LRS) in order to avoid a substantial increase in the monthly service fee from the incumbent.
- In early January when garbage and recycling bins were “swapped” from the prior company (Waste Management) to LRS, the transition was fine for a vast majority of our Residents, but we did have several issues that we have been working to resolve. These issues included: no bins delivered; bins delivered with trash inside; and bins with broken wheels. For the most part, these issues have been resolved for those with the “standard” 65g size bins
- Two outstanding issues center upon the availability of smaller, 35g bins or larger, 95g bins. As LRS supplements their inventory of these non-standard size bins, we will schedule a final swap with you, hopefully over the next weeks.

**PLEASE READ THE BELOW NOTE DATED 2/5/2026. THERE ARE IMPORTANT CONSIDERATIONS TO SELECTING A SMALLER 35g BIN YOU SHOULD BE AWARE OF.**

Thanks for your patience and my apologies for any issues you’ve had with this transition.

Sewer:

- As we go through multiple freeze/thaw cycles, please take a moment to glance at the street sewer on your street. If it’s blocked with detritus, kindly use your shoe or boot to clear the grate – this will ensure better drainage and no backup issues.

Snow Removal:

- Our contracted snow removal company (Greenscape) is doing a super job, especially after our initial barrage of heavy snow. At times they are active in the evenings to be preemptive with salt and minor snow removal to ensure your safe travels. If the noise becomes problematic, please contact Nicki and she will work directly with them to see if we can mitigate the issue.

Streets:

- While there are no current issues to update or report within Prestbury, we all are concerned with the condition of one of our main thoroughfares, the Hankes Bridge.
- The bridge is not owned or controlled by Prestbury. IDOT and the Village of Sugar Grove are responsible for its maintenance (though this is a contentious matter).
- Our Board President and several Members of the Board have reached out to local governmental contacts to voice the concerns of our community and residents as we need a safe, available traverse.
- While we do not have direct authority or responsibility for the bridge, you are voters and your voice matters. So, please politely and constructively provide your opinion – here are a few of our governmental representatives to start with and, of course, you may directly send your thoughts to the Village of Sugar Grove:
  - [Jose.Rios@Illinois.gov](mailto:Jose.Rios@Illinois.gov) – our Area Representative for IDOT
  - [Lori.Bleese@Illinois.gov](mailto:Lori.Bleese@Illinois.gov) – Legislative Affairs
  - [Aaron.gold-stein@illinois.gov](mailto:Aaron.gold-stein@illinois.gov) – Legislative Affairs
  - [Keicher@ILHouseGOP.org](http://Keicher@ILHouseGOP.org) – Jeff is our elected State House representative
  - [Info@SenatorDaveSyverson.com](mailto:Info@SenatorDaveSyverson.com) – Dave is our elected State Senate representative

PLEASE BE VERY CAREFUL DRIVING OVER THE HANKES BRIDGE – TAKE IT SLOW.

Respectfully Submitted by,  
Mark Miller

Mark Miller added: Coordinating with Waste Management to have the remaining bins picked up within the next few weeks.

### **TENNIS / PICKLEBALL COURTS / TRAILS –**

#### Trails:

The work in removing overgrowth around Beta Lake is almost complete.

At that point the Board will consider how we want promote access around the Lake. It is likely this will be some type of trail, probably wood chips, and maybe Some fishing locations.

As to the Woodland trail, we will be going out to bid for another installation Of wood chips for the trail paths. Also, the Board will discuss in the coming Months reviewing the common areas for trees that need to be cut down or trimmed.

Separately, I believe our President, Marlene Deck will report on plans For the little lake.

Patrick Kinnally

**POOL –** We are currently working towards pool improvements for the 2026 Season.

As noted in the annual report, the main drain has been identified as the cause of the leak throughout the year which has substantially increased our water usage.

The next step is gathering drawing, permits, etc.... for the work that must be done. This first step is estimated about \$5,000 - \$8,000 dollars.

However, this repair of the main drain would not happen until the end of the 2026 pool season as it will be a very involved process that involves ripping out the bottom of the deep end of the pool.

Please keep in mind this pool is 35 years old, and some discussions may want to be had around a full pool re-build down the road.

If anyone has any requests for this upcoming pool season and or thoughts on how we can improve, please email [pool@prestbury.org](mailto:pool@prestbury.org)

### **SECURITY & PUBLIC SAFETY / WEB TECHNOLOGY / PARKS –**

#### Public Safety:

On January 29<sup>th</sup> the office door was left unlocked all night. We reported this to Ryan at Signal security, and he advised us that the security officer patrolling that night had been reprimanded and retrained. All subsequent reports show the officers are now checking the doors as well as driving through the parking lot looking for unauthorized parking.

#### Parks:

I will be meeting with Anne shortly to discuss the proposal for new playground equipment at the Winthrop New Road park. The proposal submitted last year is for a forty one thousand dollar outlay.

Nicholas Edyvane

**2026 Boat Pad Registration and Storage Agreement**

I \_\_\_\_\_ agree to abide by the following rules, fees and fine structure relative to PCA boat registration and storage at an assigned position on one of the PCA Lake Prestbury Boat Pads.

a) All boats stored on PCA boat pads must be photographed and registered with the PCA on an annual basis. The Boat Storage and Registration Fee shall be \$ 50 annually starting in January 2026. The payment must be accompanied by a current photograph of the boat being registered. An electronic or paper photograph will be acceptable.

b) Upon receipt of payment and the current photograph, the boat owner will be issued a PCA boat sticker for the current year. The stickers will have the current year and the assigned boat pad number displayed. The boat must be stored on the boat pad number that matches the number on the sticker. Requested boat numbers will be on a first come first served basis.

c) Boats must be registered, and the current sticker must be displayed on the boat by May1st of each year. The sticker must be displayed in plain sight and easily visible without the need to move the boat to see it. The boat sticker number must match the pad number the boat is stored on. Failure to comply with this requirement will result in a fine of \$50. An additional \$50 fine will be levied on the first day of each month following until this requirement is met.

d) In addition to the fines outlined above, if a boat is found to be without a current year registration sticker on or after July 1st of each year, it will be assumed that the boat has been abandoned by the owner, or that it is being illegally stored by someone who has not registered and paid for the storage. The boat will then be removed from the lakeside to a storage area by the PCA. All removal and storage costs involved will be the responsibility of the boat owner. The storage fee charged by the PCA will be \$50 per month. All removal and accrued storage costs must be paid in full before an owner may claim a boat from storage. If an abandoned or unregistered boat is not claimed and remains in storage for a period of 6 months, then the boat will be disposed of in a manner to be determined by the PCA. This may include sale of or destruction of the boat. If sold, the proceeds of the sale shall first be applied to the accrued removal and storage fees. Any remaining proceeds shall be placed in the PCA general fund account.

e) Boats must be kept free of pooling water as this is not only unsightly but can become a breeding ground for mosquitoes and other noxious insects. Following a rainfall event, boats may be checked by the PCA for pooling water. Boats found to have pooling water will result in a notice to the boat owner from the PCA with a deadline to remove the water from the boat. If the condition is not corrected by the deadline specified in the notice, a fine of \$25 will be levied, and an additional fine of \$10 per week will be levied thereafter until the condition is corrected.
